Community and Inclusive Language

MGC Terms:

Call - A verbal greeting or to represent the organizations presence in any given location. These should not be replicated by non-members.

Crossing - A term used by MGC groups to indicate that a new member has completed their process and been admitted into the group. May also use the term "crossing the burning sands."

Greeting - Greetings are defined as formalized ways in which a potential new member is required to address a current member of the organization in which skits, songs, prose, etc. are incorporated.

Line - Individuals going through the MGC membership intake process.

Line Name - The name given to a pledge class. Some groups number their lines by Greek Letters (Alpha, Beta, Gamma, etc.) but may have a descriptive name as well that is specific to characteristics of the group.

Line Number - The numerical designation given to a candidate according to the place they occupy in the intake class in relation to other candidates. Line number is commonly worn on the back of a jacket or T-shirt.

Membership Intake - Term for the process by which members are selected to become new members of an organization. Much more secretive than recruitment or rush, but generally includes an application and an interview process, followed by an educational program done at the local level conducted by both undergraduates and alumni, then an initiation (generally known as "crossing").

Multicultural Greek Council (MGC) - The coordinating and servicing body for historically Latino/a Asian, Native American fraternities and sororities (you do not have to be those particular ethnicities/race to join an MGC organization).

Neophyte (Neo) - A new member of a cultural Greek organization that has already gone through the initiation and/or presentation process.

New Member Presentation (probate) - The "coming out" ceremony for those who were pledging. This normally includes masks covering the faces of those who were pledging until they are revealed as the newest member of the chapter.

Sands - The term used to refer to men and women who were initiated in the same term and year (ex. Spring 2008). Note: they do not have to belong to the same group and sometimes are referred to as SSandY to denote same semester and same year.

Saluting: Saluting is a tradition common to many Latino-Greek Organizations. Salute/Saluting is a unique art of reciting information in a line formation. Put quite simply, it's "poetry in motion." Involves a line of members performing intense, in-sync, and sharp hand & body movements with greetings attributing to others, honoring past and current accomplishments, or cherishing the cultural history, heritage, and traditions of the entire organization.

Step- the body is used as an instrument to create intricate rhythms and sounds through a combination of footsteps, claps and the spoken word. These should not be replicated by non-members.

Strolling - Also known as a party walk, is done by members in an organization moving (dancing) in unison and in a line to the rhythm of the music. These should not be replicated by non-members.

Historically African American Organization Terminology

Divine 9 - Commonly used label to reference the nine member organizations of National Pan-Hellenic Council (NPHC).

Prophyte - Term used to refer to an older brother/sister from your chapter.

Yard - The term used to refer to the particular campus or university a chapter is at.

IFC Terms:

Interfraternity Council (IFC) - A service and government body of fraternities affiliated with the North-American Interfraternity Conference.

Rush - See Recruitment. Rush is an outdated word that was replaced in 1999 by recruitment. Rush referred to the practice of fraternities "rushing" to the train station to meet the newest members of the freshman class of a college or university and pinning their fraternity colors on the freshmen to identify them as a potential member of that fraternity.

General Greek Terms

Active - An initiated member of a fraternity or sorority currently in college. Sometimes referred to as collegian.

Advisor - An alumnus or alumna member who serves as a resource for the active chapter and liaison between the alums and collegians. Sometimes there is an Advisory Board, which are specific advisors to work with chapter officers or chapter practices.

Affiliate - To join with an organization. Colonies petition national organizations to affiliate with them. A member who switches schools may also affiliate with the chapter at his/her new school.

Badge - Also known as a pin, it is an item of jewelry given to members upon initiation. The badge is to be worn at all official functions, and upon a members death it should be returned to the sorority or fraternity headquarters. The badge must be worn with business like attire, usually over the heart and above all other pins. There might be different badges/pins based on member status.

Bid - An invitation to join an IFC fraternity or NPC sorority. They are given out during formal recruitment (on Bid Day for sororities, at any time before the end of formal recruitment for fraternities). The MGC process does not include bids.

Big/Little - An active member of a fraternity or sorority who serves as a mentor to a new member, guiding him or her through the new member program and initiation. The new member is the "little"

Chapter - A local undergraduate or alumnae group recognized by a larger national/international fraternity or sorority and is also recognized by the host university. Note: names are typically determined by chartering order or by location of the chapter.

Crest - Insignia used by fraternity or sorority members. Most Greek organizations reserve the crest for initiated members only. Each crest has hidden, secret meanings behind it. Also known as a coat of arms or shield.

Dirty Rushing - When one organization will attempt to influence a potential new member through gifts, bad mouthing other organizations, etc.

Dues - Charge of joining a fraternity or sorority. Covers costs of national and local operations, formal events, activities and other events. The amount varies based on the organization.

Greek Week - An organized week of activities to unite all organizations/councils in friendly competition. Often times utilized to showcase charitable actions for local communities.

Hand Signs- Symbol or gesture made with the hand(s) that signify membership in a particular organization. Hand signs are special to members of that organization and should not be replicated by non-members.

Hazing - Any act performed by a member of any organization that is likely to cause harm, danger, causes public embarrassment or shame, compromise's a person's dignity, causes the person to be the object of ridicule, cause psychological harm, or is illegal. Hazing is against the law in all states, and is against the principles of all fraternities and sororities.

Initiation - The ceremony in which a new member becomes an active member.

(Open) Motto - A short phrase that describes the purpose or outlook of a fraternity or sorority, and is available for all to read. Many organizations also have a Creed or Purpose in addition to an Open Motto, as well as a motto that is only for initiated members.

Order of Omega - An honor society for Greek members who demonstrate outstanding leadership and academic achievement. The makeup of the organization can only include the top 3% of overall Greek community at the campus.

Philanthropy - charitable project to raise money and awareness for a particular cause sponsored by individual chapters.

Sweetheart - Sorority member or other woman chosen to serve as a sweetheart of a fraternity, usually chosen because of work she's done with the fraternity.
